

Discover the Joy of Flying!

**Discover the Joy  
of Flying...**

→ Discover the Joy of Flying!

# Club Overview

**Discovery Flying Club (DFC)** was established in 2009 by aviation experts and flying enthusiasts of the aerospace and aviation industry from MAJ Aviation and WingsOverAsia.

Championing the quest to “*Discover the Joy of Flying,*” we strive to create, revive and sustain the passion for recreational flying. Working towards our mission to recreate the wants, fulfill the needs and deliver the support for flying, we envisage an emerging enthusiasm for flight experience.

## Objectives

- To support members in their flying activities such as airspace requirement, aircraft ramp space and other related areas
- Enable DFC members to share their flying experiences
- Promote enthusiasm for flying in aerospace engineering students and opportunities to gain flying experience in Singapore

## Operating Aircraft: DA 40 Diamond Star

- Modern and new generation airframe design
- Advanced Garmin G1000 glass cockpits avionics + autopilot
- Luxurious cabin with air-conditioning
- Latest passive and active safety features

→ Discover the Joy of Flying!

# Corporate Membership Educational Institutions

Inaugural Member:

## Taking learning to new heights!

A flight experience program will be specially customized for students pursuing aviation related courses. Each flight experience will be aligned specifically with the students' course curriculum.

### **This program provides students with:**

- An opportunity to appreciate the actual flight experience
- Gain deeper insights into how flight elements relate to their field of study
- Nurture this interest beyond their studies

### **Examples of what students can learn and experience**

- Appreciate how aircraft wing design affects its role
- Experience the effectiveness of flight controls in various flight regimes
- Understand how information is presented to the pilot via aircraft avionics and flight instruments
- Experience what actually happens when an aircraft stalls

→ Discover the Joy of Flying!

# Corporate Membership

## Corporate Companies

The corporate membership caters to corporate companies interested in extending the joy of flying to their staff.

Corporate members have the option of incorporating it into their incentive scheme for their staff.

# Term Membership

## With the Private Pilot License (PPL)

Individuals with the Private Pilot License (PPL) are provided with the opportunity to continue their flying activities at DFC without the hassle of owning and flying a range of new aircraft equipped with the latest technology.

### **Benefits of Term Membership:**

- Opportunity to fly between 50-100 hours per annum.
- Short- to mid-term commitment.
- Quality flying time without inconvenience of aircraft maintenance and management.
- Comprehensive operational support and facilitation.
- All credit scheme members will pay an annual subscription fee for a reserved block of flying hours that covers
  - Fixed costs of aircraft operation
  - Direct operating costs
